## Welcome to UK2ne1

UK2ne1 is a British-based entrepreneurial organisation that:

- Provides prompt and affordable high-quality market intelligence (quantitative and/or qualitative) for British or overseas importers and/or exporters – both to and from any country
- Identifies potential partners and/or markets in Britain and abroad
- Assists clients so they can more easily overcome cultural, logistical and bureaucratic hurdles - as well as other barriers to commercial success
- Generates multilingual materials, for use in both traditional and new media, to promote and execute international sales of products and services

Samples and references are available.

### Policy Statement:

We obviously must act ethically and comply with British, EU, international and local laws. We furthermore aim to respect religious sensitivities, the environment and moral imperatives. UK2ne1 will therefore decline to participate in any business involving tobacco, drink, pornography, gambling, money-laundering, people-trafficking, drugs excluding medicines, weapons, the support of pariah states or sanctions-busting of any kind.
